

Violin Stars Scholarship Application

Requirements

You must live in the United States (or be willing to pay your own shipping costs)

You must be passionate and dedicated to learning.

You must be interested in learning classical music

You must be able to complete at least 2 lessons a week.

You must be able to send pictures and audio files to me – so that I can review your lessons.

You must be able to occasionally upload a video of your playing to YouTube so that I can see how you're doing.

Directions

Please email Kim at zclipse@embarqmail.com and include your full name, your age, and your mailing address.

The reason why I am only accepting classical students is because that's what I do best, and my program is centered around that style of music.

Please tell me a little bit about yourself.

Why do you want to learn to play the violin? What are your goals?
Are you willing to work hard at it?

Are you willing to complete your lessons on time and send your homework assignments in? If you fail to complete your lessons on time you will lose your scholarship.

Please tell me how this scholarship could help you with your violin studies.

After you complete this form, you will be given a couple of lessons as a test. You will be judged on how accurately you follow the directions and on how quickly you are able to turn in the assignments. When you complete the lessons, you will be required to provide a video of your playing.

Please keep in mind that I will not be looking for talent, but rather for a devoted player who can follow directions well.
